

ANNUAL  
REPORT  
2016 - 2017

*Pearl Global Industries Limited*

A vibrant illustration of a green hillside. The hill is covered in various types of trees, including a large evergreen, a bare deciduous tree, and a smaller tree with yellow leaves. There are also several small figures of people walking on the hill. The sky is filled with colorful butterflies and birds. The overall scene is bright and cheerful, representing a healthy, green environment.

# Management Discussion and Analysis

## INDUSTRY OVERVIEW

### a) India's Market

India is the second largest producer of textiles and garments in the world. The size of India's textile market is expected to touch USD 250 billion in the next two years from USD 150 billion now. India's textile and Apparel Exports increase to USD 65 billion in 2017 from USD 40 billion in 2016. The fundamental strength of the textile industry is its strong production base of wide range of fibre/yarns from natural fibres like cotton, jute, silk & wool to synthetic/man-made fibres like polyester, viscose, nylon & acrylic. India accounts for about 14% of world's production of textiles fibres and yarns. The textile industry has made a major contribution to the national economy in terms of direct and indirect employment generation and net foreign exchange earnings. The sector contributes about 14% to the industrial production, 4% to the gross domestic product (GDP) and 27% to the country's foreign exchange inflows. The textile industry employs about 51 million people directly and 68 million people indirectly. The textile sector is the second largest provider of employment after agriculture. The industry accounts for nearly 15% of total exports. Thus growth and all round development of this industry has a direct bearing on the improvement of the India's economy.

### b) India's Trade Scenario

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand, with consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international player like, Marks & Spencer, Guess and Next into the Indian market. The organized apparel segment is expected to grow at Compound Annual Growth Rate (CAGR) of more than 13 % over a 10 year period the Union Ministry of Textile which has set a target of doubling textile exports in 10 years, plan to enter into bilateral agreements with Africa and Australia along with working on a new textile policy to promote value addition, apart from finalizing guidelines for the revised Textile Up-gradation Fund Scheme (TUFS).

The Indian Industry growth trajectory is always compared to China, when china was growing and exporting huge quantity, it was riding high on domestic as well. But today the labour wages are so high, becoming difficult for the export segment in the country to sustain, thereby seeing a shift in business to Vietnam, Cambodia,

etc. The 'special package' was announced by the Indian Government in June 2016, where significant financial and investment incentives were offered, besides critical labour flexibilities, with the aim to generate 100.3 Lakh additional jobs and USD30.04 billion additional exports.

## COMPANY OVERVIEW

Pearl Global Industries Limited (PGIL) is one of India's largest listed garment exporters, manufacturing from multiple sourcing regions within India and countries within South Asia. A preferred long-term vendor to most leading global brands, we are amongst the leading player in our Industry. Our mainstay business is to create value from competitively manufacturing and exporting fashion garments to leading global brands. We have now also ventured into e-retail through established digital channels and our own e-com portal SbuyS.in, giving consumers access to global fashion at attractive values.

Our product range includes knits, woven and bottoms (basic and complex designs) across men, women and kids wear segments. We have a well diversified and de-risked manufacturing base across India, Indonesia and Bangladesh. We have a total capacity to manufacture around 5.5 million garments per month (including own and outsourced facilities). Our revenue structure is primarily export based, with a major contribution coming from exports to the United States. We provide total supply chain solutions to customers-value retailers and high end fashion brand, retails in the United States and Europe. Our business model enables us to offer superior quality products across various countries, catering to all kinds of consumers. Our esteemed global clientele includes premium retailers in USA and Europe, including GAP, Banana Republic, Kohl's, Macy, Ralph, Lauren, Tom Tailor and next among others.

We strive to be the most preferred vendor to the top global apparel brands and be ranked amongst the top garment manufacturers in the world, in terms of quality, service

standards and ultimately-customers satisfaction, keeping in line with our broader vision.

## 1. Our manufacturing facilities

Country	Name	Factories	Capacity (In Million)	Machines
India	Pearl Global	9	1.68	5000
Bangladesh	Norp knit	5	1.80	3400
Indonesia	PT Pinnacle	1	0.35	1100
<b>Total</b>		<b>15</b>	<b>3.83</b>	<b>9500</b>

## 2. Our Pillars of Strengths

### a) A Multi Location Manufacturing capability

Global apparels sourcing market is witnessing a shift from China to other low-cost Asian countries, primarily Bangladesh, India and Indonesia. Our Company already has a strong manufacturing presence in leading sourcing nations such as India, Bangladesh and Indonesia. Each of these countries exhibits certain core advantages.

### b) Design Cell

Our Company has a dedicated in house design team of 75+ designers in Hong kong, India and Indonesia. The design teams continuously observe the trend in all markets across the world and visit almost all the globally renowned fashion and textile fairs to refresh their inspiration for new design ideas. As a result they are well equipped to serve the global brands from concept boards to ready new samples. New design ideas also emerge from our various marketing teams, who are close to and in continuous conversations with buyers located in Hongkong, London, USA and Germany. There is an increased focus being placed on creating brand-

specific product designs to generate and accelerate business opportunities for global brands and retailers.

## 3. E-Commerce Channels

We have already ventured into e retail through our own retail platform [www.SbuyS.com](http://www.SbuyS.com). Our vision behind this is to provide internationally trending and fashionable garments to the Indian consumer at an attractive value. In addition to our own retail platform, we have established tie-ups with leading online retail platforms such as Flipkart, Snapdeal, Jabong, myntra fashion, You, and Amazon. We are confident of capitalizing on this growing opportunity. We expect tie channel to evolve gradually and become more significant in the coming years. Since our margin contribution through this channel is substantially more than our B2B business, our topline growth in our B2C business will have a positive effect on our bottom lines.

SBUYS is a popular brand among online shoppers for western women wear and kids wear. It brings in the latest international fashion in Women wear (21-29 yrs) Young Girls wear (15 -20 yrs) and Kids' wear (4-10 yrs) SBUYS has complete three years and is showing exponential growth YoY. The brand is managed by a team of experience and dedicated professionals. Its business is driven by its own e-com portal WWW.SBUY. IN and other leading online e-tailers. It is all set to tap the huge potential of women wear and kids wear market thru online retailers and strategic brand tie ups.

## COMPANY PERFORMANCE AND MANAGEMENT OUTLOOK

The company has achieved a gross income of Rs.1524 Crore compared to Rs. 1393 Crore in last financial year on consolidated basis, a growth of 9.40%.

Going forward, as the expanded capacities in Bangalore and Chennai become fully operational, the share of in house

# Management Discussion and Analysis

manufacturing will increase leading to improvement in overall margins.

Forward integration into online fashion apparel retailing in the brand "SBUYS". Online retailing is a high-growth space and offers strong potential to build a business model with healthy margin profile.

The Garments export industry is poised to grow in 2017. Furthermore, Government of India recently announced Rs.6,000 crore package for textiles and apparel sector which includes additional incentives for duty drawback scheme for apparels, flexibility in labour law and tax and production incentives to garment manufacturing units. This will also fuel the growth in the Indian garment sector. With expected reduction in China's cost competitiveness and reduced focus on textiles, India has the chance of increasing its share in global Apparel Exports. Although India is expected to gain market share, Southeast Asian Countries like Cambodia, Indonesia and Vietnam are also expected to benefit in overall export performance. To improve technical skills in apparel industry government established 75 apparel training and design centers across India. National Institute of Fashion Technology played pioneering role in growth of apparel industry and exports. To promote apparel exports 12 locations have been approved by the government to set up apparel parks for exports.

## OPPORTUNITIES & THREAT

Rising cost of labour in china and marginal price difference in fabrics prices in India and china are helping India. Since costs are rising in china, the media to long term business will move to other countries which can better or match china's cost and delivery capabilities. Since buyers are looking at alternate markets for sourcing, India has greater chance, being economically and socially stable country. Besides, large garment industry in India is getting more organized for higher demands.

However, the inflationary situation in India demands for rise in wages for workers also. Cotton prices are also rising in India, which require authorities intervention like ban on cotton exports. Due to rising cost, India faces competition from low cost countries like Bangladesh and Indonesia.

In today's market scenario, where most of the top retailers of the world are consolidating their vendor bases, stand alone vendors are going out of business and there share is being taken over by companies like PGIL.. Vendors that are able to offer value addition in terms of design input, provide different sourcing options and have the operational and

financial resources to meet retailers increasing requirements are being categorized as their "Preferred Vendors". This gives the vendor an edge over the competition. Due to all its investments over the last couple of years, your company through its subsidiaries has already been categorized as Preferred Vendor by various big Retailers in US and Europe.

## RISKS MANAGEMENT & CONCERNS

The Overseas buyers are putting pressure on prices, thereby on margins.

Garment manufacturing is totally a labour intensive and even after greater automation it will remain so. The restrictive industrial and labour laws restrain management's capability to respond professionally, effectively and speedily to the fast changing dynamic international textile scenario and request for labour reforms with flexible labour laws to increase productivity.

There is an urgent need for flexible labour norms specific to garment manufacturers and exporters to enable them to meet the increasing international competition especially with regard to employment of casual labour and overtime hours of work during high season which are necessitated by the requirement of meeting tight delivery schedules required for export.

The Company has established factories and operating in the region for long time continuous efforts for betterment of labour has been conducted to improve the condition both at work and home for labour company till now haven't faced any labour issues in terms of strike etc.

The Company is undertaking various measure like lean manufacturing at ground level to increase the productivity and further reduce rejection to improve margin.

## INTERNAL CONTROL SYSTEM

The Company's internal control system has been designed to provide for:

- i) Accurate recording of transactions with internal checks and prompt reporting through SAP
- ii) Adhere to applicable Accounting standards and policies.
- iii) Review of capital investments and long term business plans.

# Independent Auditors' Report

## To the Members of PEARL GLOBAL INDUSTRIES LIMITED

### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Pearl Global Industries Limited ("the Holding Company")** and its subsidiaries (collectively referred to as "the Group") comprising of the Consolidated Balance Sheet as at **March 31, 2017**, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

#### MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of the consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies(Accounts) Rules, 2014. The Board of Directors of the Company is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the directors of the Holding Company, as aforesaid.

#### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Holding Company's directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its subsidiaries as at March 31, 2017, their consolidated profit, and their consolidated cash flows for the year ended on that date.

#### OTHER MATTERS

*We did not audit the total assets of ₹ 4,430,135,647 as at March 31, 2017, total revenues and profit before tax of ₹ 11,712,436,413 and ₹ 295,600,518 respectively for the year then ended, included in the accompanying consolidated financial statements in respect of certain subsidiaries not audited by us, whose financial statements and other financial information have been audited by other auditors and whose reports have been furnished to us. Our opinion, in so far as it relates to the affairs of such subsidiaries is based solely on the report of other auditors. Our opinion is not qualified in respect of this matter.*

# Independent Auditors' Report

## To the Members of PEARL GLOBAL INDUSTRIES LIMITED

### Report on the Consolidated Financial Statements

#### **Annexure- A to the Independent Auditors' Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of **Pearl Global Industries Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries which are companies incorporated in India, as of that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding Company and its subsidiaries, which is company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

# Independent Auditors' Report

## To the Members of PEARL GLOBAL INDUSTRIES LIMITED

### Report on the Consolidated Financial Statements

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Holding Company and its subsidiaries, which is company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## to the Consolidated Financial Statements for the year ended March 31, 2017

### NOTE 1 : CORPORATE INFORMATION

Pearl Global Industries Limited is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company along with its subsidiaries (collectively referred to as “the Group”), is primarily engaged in manufacturing, sourcing, distribution and export of ready to wear apparels through its domestic and global facilities and operations. The shares of the Company are listed on Bombay Stock Exchange and National Stock Exchange in India.

### NOTE 2 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE ACCOUNT

#### 2.1 Basis of Preparation

- i) The consolidated financial statements of the Group have been prepared in compliance with Accounting Standards and relevant presentation requirements of the Companies Act, 2013 and are based on the historical cost convention and on an accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) except investment available for sale and held for trading is measured at fair value and in case of the Pearl Global Industries Limited, where land and building are accounted for at revalued cost. The Company has complied in all material respects with Accounting Standard notified under section 133 of the Companies Act, 2013 read with Rule 7 of Company (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The accounting policies adopted in the preparation of financial statements are consistent with those of previous year except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. However the financial statements of foreign subsidiaries have been prepared in compliance with the local laws and applicable accounting standards. Necessary adjustments for material variances in the accounting policies, wherever applicable, have been made in the consolidated financial statements.
- ii) The financial statements of all reporting entities under consolidation are drawn up to the financial year ended March 31, 2017.
- iii) The accounting policies adopted for preparation of consolidated financial statements are consistent with those of previous year.

#### 2.2 Uses of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the management to make judgement, estimates and assumptions that affect the reported amounts of revenues, expenses, assets & liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount(s) of assets or liabilities in future periods. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. Estimates and underlying assumptions are reviewed on an ongoing basis.

#### 2.3 Summary of Significant Accounting Policies

##### a. Basis of Consolidation:-

The Consolidated Financial Statements have been prepared on the following basis:-

- i) The financial statements of the company and its subsidiary companies have been prepared in accordance with the Accounting Standard-21 (AS-21) “Consolidated Financial Statement”, on a line-by-line basis by adding together the book values of like items of assets, liabilities, income, and expenses, after eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses.
- ii) To the extent possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the company's individual financial statements. Inconsistency, if any, between the accounting policies of the subsidiary, have been disclosed in the notes to accounts.
- iii) The difference of the cost to the company of its investment in subsidiaries over its share in the equity of the investee company as at the date of acquisition of stake is recognized in financial statements as Goodwill or Capital Reserve, as the case may be.

# Notes

## to the Consolidated Financial Statements for the year ended March 31, 2017

- iv) Minority interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately from liabilities and equity of the Company's shareholders.

Minority interest in the net assets of consolidated subsidiaries consists of:

- The amount of equity attributable to minority at the date on which investment in a subsidiary is made; and
  - The minority share of movements in equity since the date parent subsidiary relationship came into existence.
- v) The Consolidated Financial Statements are presented, to the extent possible, in the same format as adopted by the parent company for its individual financial statements.

### **b. The effect of Changes in Foreign Exchange Rates**

#### **i) Translation of Financial Statements of Foreign Operations**

- In view of Accounting Standard-"11" 'Changes in Foreign Exchange Rates', the operations of all the foreign subsidiaries are identified as non integral operations of the company in the current year and translated into Indian Rupee.
- The Assets and Liabilities of Foreign operations, including Goodwill/Capital Reserve arising on consolidation, are translated in Indian Rupee (INR) at foreign exchange rate at closing rate ruling as at the balance sheet date and the revenue and expenses of foreign operations are translated in Indian Rupee (INR) at yearly average currency exchange rate, of the respective years.
- Foreign exchange differences arising on translation of "Non-integral Foreign Operations" are recognized as, 'foreign exchange translation reserve' in balance sheet under the head 'Reserve & Surplus and those of "Integral Foreign Operations" are recognized in to Statement of Profit & Loss.

#### **ii) Foreign Currency Transactions**

- Except in case of the parent company, the Sales made in foreign currencies are translated on exchange rate prevailing on the date of transaction. In case of the parent company, the sales made in foreign currency are translated at an average monthly exchange rate which approximates the transaction date rate.
- Gain/Loss arising out of fluctuation in the exchange rate on settlement of the transaction is recognized in the Statement of Profit and Loss.
- Other transactions in foreign currency are recognized on initial recognition at the exchange rate prevailing at the time of transaction.
- Foreign Currency monetary items are reported using the closing rate as on balance sheet date. The resultant exchange gain/loss is dealt with in the Statement of Profit & Loss.

### **c. Inventories**

- i) Inventories of finished goods manufactured by the company are valued style-wise and at lower of cost and estimated net realizable value. Cost includes material cost on weighted average basis and appropriate share of overheads.
- ii) Inventories of finished goods (traded) are valued at lower of procurement cost (FIFO Method) or estimated net realizable value.
- iii) Inventories of Raw Material, Work in Progress, Accessories & Consumables are valued at cost (weighted average method) or at estimated net realizable value whichever is lower. WIP cost includes appropriate portion of allocable overheads.

### **d. Revenue Recognition**

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the revenue can be reliably measured. Following are the specific revenue recognition criteria:

- i) Revenue is recognized when significant risk and rewards of ownership are transferred to the buyer.
- ii) Export Sales is recognized on the basis of date of Airway Bill/Bill of Lading/Forwarder Cargo Receipt.
- iii) Sales are shown net of sales return/rejection & trade discounts and include freight & insurance recovered

# Notes

## to the Consolidated Financial Statements for the year ended March 31, 2017

from buyers as per terms of sales.

- iv) Income from job work is recognized on the basis of proportionate completion method. However, where job work income is subject to minimum assured profit, it is recognised based on that specific contract.
- v) Interest income is recognized on an accrual on time proportion basis.
- vi) Investment income is recognized as and when the right to receive the same is established.
- vii) Commission Income is recognized when the services are rendered.
- viii) Dividend Income is recognized when the right to receive is established.
- ix) In case of High Sea Sales, revenue is recognized on transfer of title of goods to the customer.
- x) Sale of software is recognized at the delivery of complete module & patches through transfer of code.

### e. Tangible Assets

- Tangible Assets are stated at cost less accumulated depreciation except in case of Pearl Global Industries Limited, where land and building are measured at revalued cost. The cost comprises the purchase price/construction cost and any attributable cost including borrowing cost of bringing the asset to its working condition for its intended use.
- Gains or losses arising from sale of fixed assets are measured as the difference between the net proceeds and the carrying amount of the asset and are recognised in the Statement of Profit & Loss in the year in which the asset is sold.
- Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.
- Tangible Assets not ready for the intended use on the date of Balance Sheet are disclosed as "Capital Work-In-Progress". Advances given towards acquisition/construction of fixed assets outstanding at each Balance Sheet date are disclosed as Capital Advances under "Long-term loans & advances".

### f. Intangible Assets

Intangible assets are stated at cost of acquisition or construction less accumulated amortisation and impairment losses, if any. Intangible assets are amortised over their estimated useful economic life. Computer Software cost is amortised over a period of three years using straight-line method.

Gains or losses arising from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

### g. Depreciation & Amortization

- Depreciation on tangible asset is provided on Straight Line Method over the useful life in accordance with and in the manner specified in the statute governing the respective companies.
- Leasehold assets are amortised over the period of lease agreed upon in the lease agreement entered.
- Software and Trademark is amortized over the period of 5 years which in the opinion of the management is the estimated economic life.
- Fixed asset costing upto ₹ 5000 has been fully depreciated during the financial year
- Further, the Schedule II to the Companies Act, 2013 requires that useful life and depreciation for significant components of an asset should be determined seperately. The identification of significant components is matter of technical judgement and is decided on case to case basis; wherever applicable.

### h. Investments: The investments are classified as under:

**Held for Trading :** Trading securities are those (both debt & equity) that are bought and held principally for the purpose of selling them in near term, such securities are valued at fair value and gain/loss is recognized in the Statement of Profit & Loss.

**Held to Maturity:** Investment in debt & capital guard products are classified as held to maturity only if the company has the positive intent and ability to hold these securities to maturity. Such securities are held at historical cost.

**Available-for-sale financial assets:** Available-for-sale financial assets are non-derivative financial assets in listed

# Notes

## to the Consolidated Financial Statements for the year ended March 31, 2017

and unlisted equity & debt instruments that are designated as available for sale or are not classified in any of the other investment categories. Subsequent to initial recognition, available-for-sale financial assets are measured at fair value, with gains or loss recognized as a separate component of equity as “Investment Revaluation Reserve” until the investment is derecognized or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is included in the Statement of Profit & Loss. When the fair value of unlisted equity securities cannot be reliably measured because of significant variability in the range of fair value estimates or where the probabilities of the various estimates within the range cannot be reasonably assessed, such securities are stated at cost less impairment, if any.

**Fair value:** The fair value of investments that are actively traded in organized financial markets is determined by reference to quoted market bid prices at the close of business at the balance sheet date.

### **i. Derivative financial instruments and hedging**

The Company uses derivative financial instruments such as forward currency contracts to hedge its risks associated with foreign currency fluctuations. Such derivative financial instruments are initially recognized at cost on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Any gains or losses arising from changes in fair value on derivatives that do not qualify for hedge accounting are taken directly to the Statement of Profit & Loss.

The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles.

For the purpose of hedge accounting, hedges are classified as:

**Fair value hedges:** A hedge of the exposure to changes in the fair value of recognized asset or liability or an unrecognized firm commitment (except for foreign risk); or identified portion of such asset, liability or firm commitment (except for foreign risk), or an identified portion of such asset, liability or firm commitment that is attributable to a particular risk and could affect profit or loss.

**Cash flow hedges:** A hedge of the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction, and could affect profit or loss.

The effective portion of the gain or loss on the hedging instrument is recognized directly in the equity, while the ineffective portion is recognized in the Statement of Profit & Loss.

### **j. Retirement and other employee benefits**

Expense and Liabilities in respect of employee benefits are recorded in accordance with Accounting Standard 15 – Employee Benefits (Revised 2005) :

#### **i) Short term Employee benefit**

Short-term employee benefits including short term compensated absences are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which related service is rendered. Terminal benefits are recognized as an expense immediately.

#### **ii) Defined Contribution Plan**

Contributions payable to recognised provident fund and employee state insurance scheme, which are substantially defined contribution plans, are recognised as expense in the Statement of Profit and Loss, as they incurred.

#### **iii) Defined Benefit Plan**

The obligation in respect of defined benefit plans, which cover Gratuity, are provided for on the basis of an actuarial valuation, using the projected unit credit method, at the end of each financial year. Actuarial gains/losses, if any, are recognised immediately in the Statement of Profit and Loss.

#### **iv) Other Long Term Benefits**

Long term compensated absences are provided for on the basis of actuarial valuation, using the projected

# Notes

unit credit method, at the end of each financial year. Actuarial gains/losses, if any, are recognised immediately in the Statement of Profit and Loss.

### k. Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of an asset which takes a substantial period of time to get ready for its intended use, are capitalised as a part of the cost of such assets, until such time the asset is substantially ready for its intended use. All other borrowing costs are recognised in the Statement of Profit and Loss in the period they occur. Borrowing costs consist of interest and other costs incurred in connection with borrowing of funds.

### l. Leases

- **Where the Company is the lessee :** Lease where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.
- **Where the Company is the lessor:** Assets subject to operating lease are included in fixed assets. Lease income is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

### m. Taxes On Income

- i) **Domestic Companies :** Tax expense comprises current tax and deferred tax.

#### Current Tax

Current Tax is measured and expected to be paid to the tax authorities in accordance with the provisions of the Income Tax Act, 1961, and based on the expected outcome of assessment/appeals. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current Income Tax relating to the items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss.

#### Deferred Tax

Deferred tax reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred tax assets subject to consideration of prudence, are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Such assets are reviewed as at each balance sheet date to re-assess realization.

#### Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in the year is charged to the statement of profit and loss as current tax. The company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of Profit and Loss and shown as "MAT Credit entitlement ". The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

- ii) **Foreign Companies:** Foreign companies recognize tax liabilities and assets in accordance with applicable local laws.

### n. Impairment of Assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the recoverable amount is determined. Where the carrying amount of an asset or CGU

# Notes

## to the Consolidated Financial Statements for the year ended March 31, 2017

exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

A previously recognised impairment loss is reversed in Statement of Profit & Loss only if there has been a change in the assumptions used to determine the assets's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

### **o. Provision, Contingent Liabilities and Contingent Assets**

- (i) A provision is recognized when the Company has a present obligation as a result of past events, if it is probable are not that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.
- (ii) A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statement.
- (iii) Contingent liabilities are not recognized but are disclosed in the Notes to Account. Contingent assets are neither recognized nor disclosed in the financial statements.

### **p. Earning per Share (EPS)**

In determining earnings per share, the company considers the net profit after tax and includes the post tax effect of any extra ordinary items.

- i) Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.
- ii) For the purpose of calculating Diluted Earning per share, the number of shares comprises of weighted average shares considered for deriving basic earning per share and also the weighted average number of equity share which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. A transaction is considered to be antidilutive if its effect is to increase the amount of EPS, either by lowering the share count or increasing the earnings.

### **q. Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated as specified in Accounting Standard -3 (AS-3) "Cash Flow Statement".

### **r. Segment Reporting**

#### **- Identification of Segments**

The Company's operating business is organized and managed according to the nature of products/ activities with each segment representing a strategic business unit that serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

# Notes

## to the Consolidated Financial Statements for the year ended March 31, 2017

- **Allocation of common costs**  
Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.
- **Inter Segment transfers**  
Inter Segment revenue has been accounted for based on the transaction price agreed to between segments which is based on current market prices.
- **Unallocated items**  
Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.
- **Segment Policies**  
The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

The company has classified the various benefits provided to employees as under:

**(I) In the case of Pearl Global Industries Limited:-**

**(i) Defined Contribution Plan**

The company makes contribution towards Provident Fund (PF) & Employee State Insurance (ESI) as defined contribution retirement plan for the qualifying employees. The provident fund plan is operated by the Regional Provident Fund Commissioner and the company contributes a specified percentage of payroll cost to the said schemes to fund the benefits. Similarly, contribution is made at a specified percentage in case of Employee State Insurance and Labour Welfare Fund.

During the year, the Company recognized ₹ 55,777,549 (March 31, 2016: ₹ 40,130,096) for PF contribution, ₹ 20,322,873 (March 31, 2016: ₹ 12,951,231) for ESI & ₹ 2,573,862 (March 31, 2016: ₹ 2,048,299) for Labour welfare fund in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

**(ii) Defined Benefit Plan: It includes:**

- Gratuity in case of Gurgaon Division (Funded & maintained by Life Insurance Corporation of India)
- Gratuity in case of Chennai Division & Bangalore Division (Unfunded)
- Leave encashment/Compensated absence (Unfunded)

In accordance with Accounting Standard 15 (revised 2005), an actuarial valuation is carried out in respect of aforesaid defined benefit plans and other long term benefits based on the assumption given in the table with subheading 'e' below. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement

## to the Consolidated Financial Statements for the year ended March 31, 2017

### Notes:

- 1) Actuarial valuation is based on escalation in future salary on account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- 2) Expected rate of return on the plan assets is based on the expectation of the average long term rate of the return expected on the investments of the fund during the estimated term of the obligations.

### (II) In the case of Pearl Global (HK) Limited and its subsidiary (PT Pinnacle Apparels), details of Actuarial Valuation are as under:-

- a) The Subsidiary provides benefits for its employees who achieve the retirement age at 55 based on the provisions of Labor Law No.13/2003 dated March 25, 2003. The benefits are unfunded.
- b) As of March 31, 2017, the liabilities for employee benefits were calculated by an independent actuary, PT Katsir Imam Sapto Aktuaria using the "Projected Unit Credit" method. Those calculation were used as the basis for March 31, 2017 reporting, in their report dated April 3, 2017, with No.129/KIS/LA/PS/04/2017.
- c) The principal assumptions used in determining employee benefits obligation as of 31 March 2017 and 2016 are as under:

# Independent Auditors' Report

## To the Members of Pearl Global Industries Limited

### REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of **Pearl Global Industries Limited ("the Company")**, which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

### MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies(Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on standalone financial statements.

### OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, its profit and cash flows for the year ended on that date.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

# Independent Auditors' Report

## To the Members of Pearl Global Industries Limited

- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. On the basis of written representations received from the management of the Company, the Company has disclosed the impact of pending litigations on its financial position in its financial statements- *Refer Note No. 29 to the financial statements.*
    - ii. The Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long-term contracts including derivative contracts – *Refer Note No. 33 to the financial statements.*
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
    - iv. The Company has provided requisite disclosures in the financial statements as regards its holding and dealings in Specified Bank Notes during the period from 8th November 2016 to 30th December 2016; and such disclosures are in accordance with the books of accounts maintained by the Company.- *Refer Note No. 34 to the financial statements.*
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

# Independent Auditors' Report

## To the Members of Pearl Global Industries Limited

### **Annexure 'A' to the Independent Auditors' Report of even date on the standalone financial statement of Pearl Global Industries Limited**

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Pearl Global Industries Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and

# Annexure to Auditors' Report

directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

## Annexure 'B' To the Independent Auditors' Report

The Annexure referred to in independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended March 31, 2017; we report that:

- i) In respect of fixed assets:
  - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified at periodic intervals. In accordance with this programme for the year, no material discrepancies were noticed on such verification. In our opinion, such periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
  - c) On the basis of written representation received from the management of the Company, the title deeds of immovable properties held in the name of the Company are mortgaged with the Banks for securing the long term and short term borrowings raised by the Company.
- ii) In respect of its inventory:
  - a) On the basis of information and explanation provided by the management, inventories have been physically verified by the management during the year. In our opinion, the frequency of physical verification followed by the management is reasonable.
  - b) No material discrepancies were noticed on verification between the physical stocks and the book records.
- iii) a) According to the information and explanation given to us, the Company has not granted any unsecured loan to any company covered under register maintained under section 189 of the Companies Act, 2013 during the year. The terms and conditions of grant of such loans are not prejudicial to the interest of the Company.  
b) & c) In respect of loans granted in earlier financial years, the schedule of repayment of principal and interest is stipulated and there is no overdue amount as at year end.
- iv) In our opinion and according to the information and explanation given to us, the Company has not given loan to any Director or any other person in whom director is interested and as such provisions of section 185 are not applicable to the Company. Also, as per information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of grant of loans, making investments and providing guarantees & securities, as applicable.
- v) The Company has not accepted any deposits from the public. Accordingly, the provisions of paragraph 3(v) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.
- vi) On the basis of available information and explanation provided to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of section 148 of the Companies Act, 2013 read with Companies (Cost Records and Audit) Amendment Rules, 2014 to the current operations carried out by the Company. Accordingly, the provisions of paragraph 3(vi) of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.
- vii) In respect of Statutory Dues:
  - a) The Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Customs, duty of Excise, Value Added Tax, Cess and any other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Customs, duty of Excise, Value Added Tax, Cess and any other material statutory dues in arrears as at March 31, 2017 for a period of more than six months from the date they became payable.
  - b) According to the records of the Company examined by us and the information and explanations given to us, there were no dues of income tax or sales tax or service tax or duty of customs or duty of excise or value added tax which have not been deposited on account of any dispute except for the following:

## Annexure 'B' To the Independent Auditors' Report

## to the Financial Statements for the year ended March 31, 2017

### NOTE 1: CORPORATE INFORMATION

Pearl Global Industries Limited is a public limited company domiciled in India and has its registered office at A-3, Community Centre, Naraina Industrial Area, Phase-II, New Delhi-110028. The company is primarily engaged in manufacturing, sourcing and export of ready to wear apparels through its facilities and operation in India and overseas. The Company has its primary listings on Bombay Stock Exchange and National Stock Exchange of India.

### NOTE 2 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE ACCOUNT

#### 2.1 Accounting Convention

The financial statements have been prepared in accordance with applicable accounting standards and relevant presentation requirements of the Companies Act, 2013 and are based on the historical cost convention and on an accrual basis of accounting except investment available for sale and held for trading is measured at fair value and land and building which is measured at revalued cost. The Company has complied in all material respects with Accounting Standards notified under section 133 of the Companies Act, 2013 read with Rule 7 of Company (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The accounting policies adopted in the preparation of financial statements are consistent with those of previous year except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

#### 2.2 Uses of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the management to make judgement, estimates and assumptions that affect the reported amounts of revenues, expenses, assets & liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount(s) of assets or liabilities in future periods. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. Estimates and underlying assumptions are reviewed on an ongoing basis.

#### 2.3 Summary of Significant Accounting Policies

##### a) Inventories

- i) Inventories of finished goods manufactured by the company are valued style-wise and at lower of cost and estimated net realizable value. Cost includes material cost on weighted average basis and appropriate share of overheads.
- ii) Inventories of finished goods (traded) are valued at lower of procurement cost (FIFO Method) or estimated net realizable value.
- iii) Inventories of Raw Material, Work in Progress, Accessories & Consumables are valued at cost (weighted average method) or at estimated net realizable value whichever is lower. WIP cost includes appropriate portion of allocable overheads.
- iv) Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

##### b) Property Plant and Equipment (PPE)

Tangible Assets are stated at cost less accumulated depreciation and impairment loss. Cost comprises the purchase price and any attributable cost including borrowing costs of bringing the asset to its working condition for its intended use and related pre-operative expenses are capitalized over the total project at the commencement of project/on start of commercial production. However, certain land and building are measured at revalued cost. Gain or loss arising on the sale of fixed assets are measured as the difference between the net proceeds and the carrying amount of the asset and are

# Notes

## to the Financial Statements for the year ended March 31, 2017

recognised in the Statement of Profit & Loss in the year in which the asset is sold. Capital work-in-progress comprises the cost of fixed assets that are not yet ready for their intended use at the reporting date.

### c) Intangible Assets

Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment. All expenditures, qualifying as Intangible Assets are amortized over estimated useful life.

### d) Depreciation / Amortisation

i) Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the management. Depreciation for assets purchased / sold during a period is proportionately charged to Statement of Profit & Loss. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Company for its use. The management estimates the useful lives for the other fixed assets as follows:

Buildings	30-60 years
Plant and Machinery	15 years
Office Equipment	5 years
Computer Equipment	3-6 years
Furniture and Fixtures	10 years
Electrical Installations	10 years
Vehicles	8-10 years

ii) Leasehold assets are amortised over the period of lease agreed upon in the lease agreement entered.

iii) Fixed asset costing upto ₹ 5000 has been fully depreciated during the financial year

iv) Further, the Schedule II to the Companies Act, 2013 requires that useful life and depreciation for significant components of an asset should be determined separately. The identification of significant components is matter of technical judgement and is decided on case to case basis; wherever applicable.

### e) Revenue/ Purchase Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the revenue can be reliably measured. Following are the specific revenue recognition criteria:

i) Export sale is recognized on transfer of risks and rewards to the customer and on the basis of date of Airway Bill/ Bill of lading.

ii) Sales are shown as net of trade discount and include Freight & Insurance recovered from buyers as per the terms of sale.

iii) Interest income is recognized on time proportion basis.

iv) Dividend income is recognized when the right to receive is established.

v) In case of High Sea Sales revenues are recognized on transfer of title of goods to the customer.

vi) Sale of software/ SAP income is recognized at the delivery of complete module & patches (through reimbursement from group companies).

vii) Income from job work is recognized on the basis of proportionate completion method. However, where job work income is subject to minimum assured profit, it is recognised based on that specific contract.

# Notes

## to the Financial Statements for the year ended March 31, 2017

viii) Commission income is recognized when the services are rendered.

ix) Purchase are recognized upon receipt of such goods by the company. Purchases of imported goods are recognized after completion of custom clearance formalities and upon receipt of such goods by the company.

### f) Foreign Currency Transactions

**Initial Recognition:** Transactions denominated in foreign currencies are recorded at an exchange rate prevailing at the time of the transaction. Sales made in foreign currency are translated on average exchange rate.

**Conversion:** Monetary items denominated in foreign currency are reported using the closing exchange rate on each Balance Sheet Date. Non – monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

**Exchange difference:** The exchange difference arising on the settlement of monetary items or reporting these items at rates different from rates at which these were initially recorded / reported in previous financial statements are recognized as income/expense in the period in which they arise.

### g) Investment and Financial Assets

The company has classified its investments as under:-

**Held for trading :** Trading securities are those (both debt & equity) that are bought and held principally for the purpose of selling them in near term. Such securities are valued at fair value and gain/loss is recognised in the Statement of Profit & Loss.

**Held to Maturity :** The investments are classified as held to maturity only if the company has the positive intent and ability to hold these securities to maturity. Such securities are held at historical cost.

**Available-for-sale financial assets :** Available-for-sale financial assets are non-derivative financial assets in listed and unlisted equity & debt instruments that are designated as available for sale and are initially recognized at their value. Subsequent to initial recognition, available-for-sale financial assets are measured at fair value, with gains or loss recognised as a separate component of equity as “Investment Revaluation Reserve” until the investment is derecognised or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is included in the income statement. When the fair value of unlisted equity securities cannot be reliably measured because; firstly the variability in the range of reasonable fair value estimates is significant for that investment or, secondly the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value. Such securities are stated at cost less any impairment.

**Fair value :** The fair value of investments that are actively traded in organised financial markets is determined by reference to quoted market bid prices at the close of business at the balance sheet date.

### h) Derivative financial instruments and hedging

The Company uses derivative financial instruments such as forward currency contracts to hedge its risks associated with foreign currency fluctuations. Such derivative financial instruments are initially recognized at cost on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Any gains or losses arising from changes in fair value on derivatives that do not qualify for hedge accounting are taken directly to the Statement of Profit & Loss.

For the purpose of hedge accounting, hedges are classified as:

i) **Fair value hedges:** A hedge of the exposure to changes in the fair value of recognized asset or liability or an unrecognized firm commitment (except for foreign risk); or identified portion of such asset, liability or firm commitment (except for foreign risk), or an identified portion of such asset, liability or firm commitment that is attributable to a particular risk and could affect profit or loss.

- ii) **Cash flow hedges:** A hedge of the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction, and could affect profit or loss.

The effective portion of the gain or loss on the hedging instrument is recognized directly in the equity, while the ineffective portion is recognized in the Statement of Profit & Loss.

### i) Employee Benefits

Expense and Liabilities in respect of employee benefits are recorded in accordance with Accounting Standard 15 – Employee Benefits (Revised 2005) :

#### Short term Employee benefit

Short term employee benefits including short term compensated absences are recognised as an expense at an undiscounted amount in the Statement of Profit & Loss of the year in which the related service is rendered. Terminal Benefits are recognized as an expense immediately.

#### Defined Contribution Plan

Contributions payable to recognized Provident Fund and Employee State Insurance scheme, which are substantially defined contribution plans, are recognised as expense in the Statement of Profit & Loss, as they are incurred.

#### Defined Benefit Plan

The cost of providing defined benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in full in the Statement of Profit and Loss for the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested, and otherwise is amortized on a straight line basis over the average period until the benefit become vested. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

#### Other Long term Benefits

Long term compensated absences are provided for on the basis of actuarial valuation, using the projected unit credit method, at the end of each financial year. Actuarial gains/ losses, if any, are recognised immediately in the Statement of Profit and Loss.

### j) Borrowing Costs

Borrowing costs include interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are attributable to the acquisition or construction of qualifying fixed assets are capitalized as part of the cost of assets. All other borrowing costs are recognized as expense in the year in which they are incurred.

### k) Leases

- i) The Lease under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

# Notes

## to the Financial Statements for the year ended March 31, 2017

- ii) Assets acquired under leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit & Loss on accrual basis on straight line basis.
- iii) Assets leased out under operating leases are capitalized. Rental income is recognized on accrual basis over the lease term.

### **l) Taxes On Income**

Tax expense comprises current tax and deferred tax.

#### **Current Tax**

Current Tax is measured and expected to be paid to the tax authorities in accordance with the provisions of the Income Tax Act, 1961, and based on the expected outcome of assessment/appeals. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current Income Tax relating to the items recognised directly in equity is recognised in equity and not in the Statement of Profit and Loss.

#### **Deferred Tax**

Deferred tax reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred tax assets subject to consideration of prudence, are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Such assets are reviewed as at each balance sheet date to re-assess realization.

#### **Minimum Alternate Tax**

Minimum Alternate Tax (MAT) paid in the year is charged to the statement of profit and loss as current tax. The company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of Profit and Loss and shown as "MAT Credit entitlement". The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

### **m) Impairment of Assets**

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the recoverable amount is determined. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

A previously recognised impairment loss is reversed in Statement of Profit & Loss only if there has been a change in the assumptions used to determine the assets's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

### **n) Provision, Contingent Liabilities And Contingent Assets**

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the Notes to Account. Contingent assets are neither recognized nor disclosed in the financial statements.

### **o) Earning per Share (EPS)**

In determining earnings per share, the company considers the net profit after tax and includes the post tax effect of any extra ordinary items.

- i) Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.
- ii) For the purpose of calculating Diluted Earning per share, the number of shares comprises of weighted average shares considered for deriving basic earning per share and also the weighted average number of equity share which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. A transaction is considered to be antidilutive if its effect is to increase the amount of EPS, either by lowering the share count or increasing the earnings.

### **p) Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated as specified in Accounting Standard -3 (AS-3) "Cash Flow Statement".

### **q) Cash and Cash equivalents**

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

### **r) Government Grant**

The Government Grant received in relation to depreciable Fixed Assets is treated as deferred revenue and amortized over the useful life of Assets in same proportion in which depreciation on related asset is charged as per AS-12 "Accounting for Government Grant".

Government Grant recognised to the extent if there is a reasonable assurance that enterprise will comply with the condition attached to them and their ultimate collection is reasonably certain.

### **s) Classification of Current/ Non Current Assets and Liabilities**

All assets and liabilities are presented as Current or Non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of Current / Non current classification of assets and liabilities.

- Leave encashment/Compensated absence (Unfunded)

# Notes

## to the Financial Statements for the year ended March 31, 2017

In accordance with Accounting Standard 15 (revised 2005), an actuarial valuation is carried out in respect of aforesaid defined benefit plans and other long term benefits based on the assumption given in the table with subheading 'e' below. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation at year end. The obligation for leave encashment is recognized in the same manner as of gratuity.

(II) The details of Actuarial Valuation Certificate(s) are as under:-

**NOTE 35:**

In view of the management, the current assets, loans and advances have a value on realization in the ordinary courses of business at least equal to the amount, at which they are stated in the Balance Sheet as at March 31, 2017.

**NOTE 36:**

There is no reportable segment of the company in view of the Accounting Standard -17 'Segment Reporting' as issued under the Companies (Accounts) Rules,2014.

**NOTE 37:**

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income Tax Act 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company regularly updates the documentation for the International transactions entered into with the associated enterprises during the period as required under law. The Management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation for the year ended March 31, 2017.

**NOTE 38:**

The balances of trade receivables and trade payables are subject to reconciliation and confirmation as on March 31, 2017.

**NOTE 39:**

Previous year figures have been regrouped & reclassified wherever considered necessary.

**NOTE 40:**

Figures have been rounded off to the nearest rupee.
