**INDEPENDENT AUDITOR'S REPORT  
TO THE SHAREHOLDERS OF  
ALPHA CLOTHING LIMITED**

**Report on the Audit of Financial Statements**

**Opinion**

We have audited the accompanying financial statements of ALPHA CLOTHING LIMITED (the Company), which comprise the statements of financial position as at 31 March 2025, and the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period then ended and notes, comprising significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2025 and its financial performance and its cash flows for the period then ended in accordance with International Financial Reporting Standards (IFRS's)

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities to the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with ethical requirement that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter-Basis of accounting and Restriction on distribution and use**

We draw attention to Note 2.01 of the financial statements, which describes the basis of accounting. The financial statements have been prepared by the management of the company to assist Pearl Global (HK) Limited ('the parent companies') to meet the requirements of preparing the consolidated financial statements. As a result the financial statements may not be suitable for another purpose. Our opinion is not modified in respect of these matters.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Framework and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### 2.02 Basis of measurement

The financial statements have been prepared under accrual basis of accounting except cash incentive and interest on fixed deposit.

#### 2.03 Comparative information

Comparative information has been disclosed for all numerical, narrative and descriptive information where it is relevant for understanding of the current period's financial statements. Comparative figures have been rearranged wherever considered necessary, to ensure better comparability with the current period's financial statements and to comply with relevant IFRSs.

#### 2.04 Directors' responsibility statement

The Board of Directors takes the responsibility for the preparation and fair presentation of these financial statements.

#### 2.05 Components of financial statements

- (i) Statement of financial position as at 31 March 2025;
- (ii) Statement of profit or loss and other comprehensive income for the period ended 31 March 2025;
- (iii) Statement of changes in equity for the period ended 31 March 2025;
- (iv) Statement of cash flows for the period ended 31 March 2025; and
- (v) Notes, comprising significant accounting policies and other explanatory information as at 31 March 2025 and for the period ended 31 March 2025.

## 2.06 Use of estimates and judgments

The preparation of financial statements in conformity with the IFRSs, including IASs, require management to make judgements estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses, and for contingent assets and liabilities that require disclosure, during and at the date of the financial statements.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, Any revision of accounting estimates are recognized in the period in which the estimate is revised and in any future period affected.

In particular, the key areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements include depreciation, inventory valuation, accrued expenses etc.

## 3 Significant accounting policies

### 3.01 Property, plant and equipment

#### 3.1.1 Recognition and measurement

The items of Property, plant and equipment are measured at cost or revaluation less accumulated depreciation. The following items were revalued on September 2021:

Land and land development

Factory building

The valuation was done by the firm of professional valuer "City Engineering & Builder Limited" on the basis of applicable methods including market value based method, premised on the accompanying narrative information and valuation methodology. The revaluation surplus has been initially recognized as a separate items of statement of changes in equity and subsequently the amount will be transferred to retained earnings on disposed of or charging depreciation time to time. Cost represent cost of construction or acquisition and include purchase price and other directly attributable cost of bringing the assets to carrying conditions for its intended use.

#### 3.1.2 Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefit from the assets and that cost can be measured reliably. All other expenditures are recognized as an expense, when ever they incurred.

#### 3.1.3 Depreciation

Land is held on a free hold basis and is not depreciated considering the unlimited life. In respect of all other fixed assets, depreciation is provided to amortize the cost of the assets over their expected useful economic lives after commissioning. Depreciation is charged on fixed assets on reducing balance method. The rates at which assets are depreciated depending on the nature and estimated useful life of assets are given below:

<u>Particulars</u>	<u>Rate of depreciation</u>
Land and land development	0%
Factory building	10%
Plant and machineries	15%
Motor vehicle	20%
Furniture and fixture	10%
Computer and computer equipment	20%
Office equipment	15%
Capital work in progress	0%

#### **3.1.4 Impairment of Assets**

As per management assessment no fact and circumstances indicate that company's assets including property, plant and equipment may be impaired.

#### **3.02 Cash and cash equivalents**

Cash and cash equivalents comprises cash in hand and cash at bank free of encumbrance except for the balances held into the back to back margin account for making the payment against back to back L/Cs.

#### **3.03 Provisions**

Provision are recognized when the company has a present obligation as a result of a past event, and it is probable that the company will be required to settle the obligation at the statement of financial position date.

#### **3.04 Materiality and aggregation**

Each material class of similar items are presented separately in the financial statements. Items of dissimilar nature or function are presented separately unless they are immaterial.

#### **3.05 Taxation**

##### **Current Tax:**

As per SRO No 44-Law/Income Tax-25/2024 dated 04 March 2024, the rate of income tax on the garments export business of the company is 10% due to the company has Leadership in Energy and Environmental Design (LEED) Certificate. Further, the tax deducted at source by the banks on export proceeds realized is considered as minimum tax subject to the condition laid in section 163 of the Income Tax Act 2023.

##### **Deferred Tax:**

Deferred tax is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purpose and the amounts used for taxation purposes.

#### **3.06 Revenue recognition**

##### **Sales of goods**

The Company has applied IFRS 15 "Revenue from Contracts with Customers" for annual reporting periods beginning on or after 01 January 2018. IFRS 15 provides a single, principles-based approach to the recognition of revenue from all contracts with customers. It focuses on the identification of performance obligations in a contract and requires revenue to be recognized when or as those performance obligations are satisfied.

The new standard is based on the principle that revenue is recognized when control of goods or services transfers to a customer, so the concept of control replaces the existing concept of risks and rewards. This standard combines, enhances and replaces specific guidance on recognizing revenue with a single standard. A new five-step process must be applied before revenue from contract with customer can be recognized:

- i) Identify the contracts with customers;
- ii) Identify the separate performance obligation;
- iii) Determine the transaction price of the contract;
- iv) Allocate the transaction price to each of the separate performance obligations; and
- v) Recognize the revenue as each performance obligation is satisfied.

In compliance with the requirements of IFRS 15, revenue from customers against sales are recognized when products are on board/dispatched to customers, that is when the significant risk and rewards of ownership are transferred to the buyers, recovery of the consideration are confirmed, the associated costs and possible return of goods can be estimated reliably, and management has no control on the goods.

### **3.07 Statement of cash flows**

Statement of cash flows is prepared in accordance with IAS-7 "Statement of Cash Flows " under direct method.

### **3.08 Foreign currency**

Foreign currency transactions are translated into Bangladeshi taka at the rates ruling on the transaction date in accordance with the IAS-21 "The Effects of Changes in Foreign Exchange Rates"

### **3.09 Inventories**

Inventories are valued in accordance with IAS - 2 "Inventories" at lower of cost or net realizable value. Cost is determined following weighted average cost method. The cost of raw and packing materials comprise of expenditures incurred in the normal course of business in bringing these items to their present location and condition. The cost of finished goods comprises of cost of raw materials, packing materials, direct labor and production related overheads (based on normal capacity). Net realizable value is based on estimated selling price less any further costs expected to be incurred to make the sale.

### **3.10 Financial Instruments**

Financial assets and liabilities are recognized on the Statement of Financial Position when the company has become a party to a contractual provision of the instrument.

#### **• Receivables**

##### **i) Recognition and Measurement-**

Trade receivable consists of due proceeds against sales through L/C with a tenure upto 60 days and realizable at the maturity date.

##### **ii) Bad and Doubtful Debts-**

The Company does not have bad and doubtful debts because its sales/export are based on 100% confirm letter of credit with fixed maturity date.

### **3.11 Advances, deposits and pre-payments**

(a) There was no amount due from the Directors (Including Managing Director), Managing Agent, Manager and other Officers of the Company and any of them severally or jointly with any other person.

(b) There was no amount due by the associated undertaking.

(c) The advances, deposits considered good and recoverable.

### **3.12 Contribution to Workers' Profit Participation and Welfare Fund**

As per section 232 (3) of the Bangladesh Labour Act 2006 and Rule 212 of the labour Rules 2015, the Government has established a "Central Fund" for workers profit participation and welfare in 100% export oriented RMG sector. With effect from 01 July 2016, 0.03% of the export proceeds are deducted and deposited to the fund by the concerned bank receiving such export proceeds. The amount are contributed to "Central Fund" has been recognised as expences of the company.

### **3.13 Employee benefits**

#### **Short-term Employee Benefits**

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

#### **Festival Bonus**

The company recognizes the cost of festival bonus payment when it has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made under IAS 19: Employees Benefit. Festival bonus is a present obligation of the company as it has no realistic alternative but to make the payment.

**Employees' service benefit**

The company also maintains an unfunded Employees' service benefit scheme for its permanent employees except for the employees employed on contractual basis. Employees are entitled to receive Employees' service benefit after completion of their minimum five years' service in respect of the employees eligible for this benefit.

**Leave Encashment**

The company also maintains a leave encashment scheme for its permanent employees except for the employees employed on contractual basis. Employees are entitled to receive leave encashment benefit at the time of separation from employment.

**3.14 Right of use assets and lease liability****Recognition**

A right-of-use asset and a lease liability is recognized by the company at the commencement date.

**Measurement****Initial measurement of the right-of-use asset**

At the commencement date, the right-of-use asset are measured at cost.

The cost of the right-of-use asset comprise:

- (a) the amount of the initial measurement of the lease liability,
- (b) any lease payments made at or before the commencement date, less any lease incentives received.
- (c) any initial direct costs incurred by the lessee; and
- (d) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories. The lessee incurs the obligation for those costs either at the commencement date or as a consequence of having used the underlying asset during a particular period.

**Initial measurement of the lease liability**

At the commencement date, the lease liabilities are measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease/incremental borrowing rate which is 9%.

**3.15 Contingent liabilities and assets**

Current or possible obligations or assets arising from past events and whose existence is due to the occurrence or non-occurrence of one or more uncertain events which are not within the control of the company.

**3.16 Events after the Reporting Period**

As per IAS-10 "Events after the Reporting Period" are those event favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. There are no events after the end of the reporting period.

**3.17 Accounting policies, changes in accounting estimates and errors**

As per IAS-8 "Accounting Policies, Changes In Accounting Estimates and Errors" shall be applied in selecting and applying accounting policies, and accounting for changes in accounting policies, changes in accounting estimates and correction of prior period errors. The company maintain the provision of this standard as required.

**3.18 General**

Previous year's figures have been regrouped/reclassified wherever considered necessary to conform to current year's presentation. Figures have been rounded off to the nearest Taka as the currency represented in these financial statements.

### 31 Financial risk management

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The company has exposure to the following risks from its use of financial instruments:

- Credit risks
- Liquidity risks
- Market risk
- **Credit risk:**

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

In monitoring credit risk, debtors are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile etc. Accounts and other receivables are mainly related to the Company's buyers. The company's exposure to credit risk on accounts receivables is mainly influenced by the individual payment characteristics of credit purchaser. Credit risk does not arise in respect of any other receivables.

#### a) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	31-Mar-2025	31-Mar-2024
	<u>Taka</u>	<u>Taka</u>
Trade receivables	104,525,613	114,319,195
Incentive receivables	-	4,092,311
Advances, deposits and pre-payments	54,760,296	90,055,039
Cash and cash equivalents except cash in hand	216,631,992	255,349,481
<b>Total</b>	<b>375,917,901</b>	<b>463,816,026</b>

• **Liquidity risk:**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities. The Company's approach to managing liquidity (cash and bank balances) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when they fall due, under both normal and stressed conditions, without incurring unacceptable losses.

Typically, the Company ensures that it has sufficient cash and bank balances to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of the financial obligation and accordingly arranging for sufficient liquidity/fund to make the expected payment within due date.

In extreme stressed conditions, the Company may get support from the shareholders in the form of shareholder's loan/capital contribution.

The following are the contractual maturities of financial liabilities :

	<u>31-Mar-2025</u>	<u>31-Mar-2024</u>
	<u>Taka</u>	<u>Taka</u>
Trade payable	428,671,148	332,526,709
Short term loan from bank	36,484,081	234,360,255
Liability for expenses and other payable	104,837,960	108,722,711
<b>Total</b>	<b>569,993,189</b>	<b>675,609,675</b>

• **Market risk**

Market risk is the risk that any change in market conditions, such as foreign exchange rates, interest rates and commodity prices that will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable level.

**Currency risk**

*Transaction risk*

Transaction risk arises from risk of adverse exchange rate movements occurring in the course of normal international transaction.

*Interest rate risk*

Interest rate risk arises from movement in interest rates. The company needs to manage interest rate risk so as to be able to repay debts as they fall due and to minimise the risks surrounding interest payments and receipts.

### 32 Related Party Transactions

During the period, the company carried out a number of transactions with related party in the normal course of business. The name of the related party and nature of these transactions have been set out in accordance with the provisions of IAS 24: Related Party Disclosures.
